

HOME OWNER SERIES

JIMMY DT612-10LPE

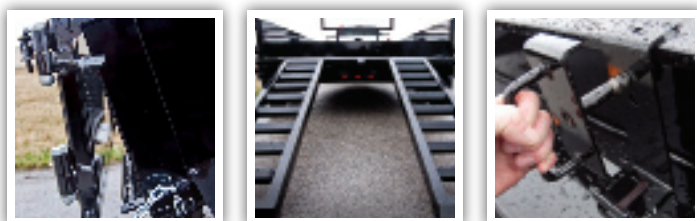

TANDEM AXLE

Description

The DT612LPE low profile model provides a great alternative to the high cost commercial grade trailers. This is a versatile machine with its low deck height and selection of gate options. It is an ideal trailer for transporting small equipment such as lawn mowers and small tractors. It is available in 10,000 lb model and a variety of colors.

For more information please call us or visit our website.

Overview

The Jimmy series DT612-10LPE dump trailer (6' X 12') is a great choice in this economy for home owners, farmer and small contractors. This trailer accommodates a variety of equipment around the home, farm and job site. With the optional ramp package, barn door combo and bucket support this trailer will dump debris and haul your equipment just like the higher cost trailers.

Details

- ① Pump box and pump
- ② Barn Door
- ③ Ramp on fender
- ④ Bucket Support
